The Swedish bending roll company

- Highest quality bending rolls on the market
- Full range of three roll and four roll plate, angle and section bending machinery
- Powerful and user friendly SweBend 7 CNC Software designed for rolling
- Custom solutions perfectly matched to your requirements

**Plate Bending Rolls
Angle Bending Rolls**

Heavy duty bending rolls at an affordable price

- Three roll and four roll double pinch plate bending rolls
- Three roll double pinch angle rolls
- All hydraulic machines, drop end for easy part removal. Powered tilt of the bending rolls, digital readouts, hardened rolls and cone bending are all standard features

**Aluminum Bending Machines
Induction Bending Machines**

Unique and innovative bending solutions

- Specializing in solutions for roll bending of extrusions, tube, and other difficult profiles
- All electric servo-motor design
- Experts in tool design for unique profiles
- Powerful, yet simple CNC Software

Plate Bending Rolls

LEMAS

Unsurpassed value, proven reliability

- Three roll initial pinch and four roll double pinch plate rolls
- Machines available up to 10' long with capacities up to 9/16" thickness
- Direct-drive design with positive drive
- All roll movements are powered. Hydraulic drop end for easy part removal, powered tilt of the bending rolls, digital readouts, hardened rolls, spherical bearings are all standard features

Ironworkers CNC Ironworkers | Processing Lines

SUNRISE

Fastest growing ironworkers brand on the market

- Hydraulic ironworkers, punching machines and horizontal benders. All available in manual or with CNC
- Single and dual operator designs
- Fully automatic processing systems for plate and angle
- Wide variety of optional accessories including press brake attachments, pipe notchers and oversize punching kits

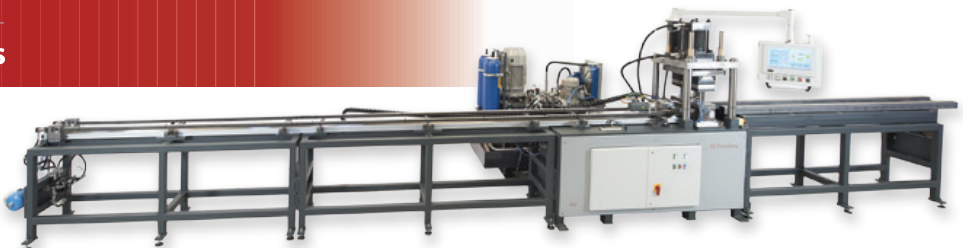

Custom Tube Punching Machines

BSP PUNCHING SYSTEMS

Custom Tube Punching Machines

- Punching solutions for tube, extrusion, and other profiles since 1963
- Auto, Manual, and Multi-Tube configurations
